***Dance and be still, Sing and listen to the silence,
Celebrate Friendship and Connect with Nature as Spring unfolds ...***

The **Quaker Settlement** offers a peaceful retreat space for spiritual renewal. It has developed over 40 years with careful planning and planting of native forest, woodlot, harakeke and food trees - bird song and trees flourish alongside people, who live in community as 'Friends' in the spirit of the Quaker values (to which we also aspire)

Simplicity - Peace - Integrity - Community - Equality - Sustainability
