**Calling All Dance Leaders & All Dancers interested in
leading and/or deepening in the Dances, Musicians and
interested Musicians for these Dances**

This weekend will focus on guidance and instruction/training in Dance leading and deepening in the dances. It will be experiential, with opportunities for leading and musical accompaniment.

The Dances of Universal Peace (DUP) draw on the sacred phrases of many traditions, blending chants, live music and simple devotional body prayer into a living experience of unity, love and peace. DUP originated through Samuel Lewis in the late 60's. He was a charismatic and much-loved Mystic deeply steeped in many Spiritual traditions.

Murshid SAM: *“Chanting and dancing the names of God is the easiest, quickest and one of the most beautiful ways to God, to the One Source of All”*
